- 4) Screw the screw (A) into the metal part (A) and the task light shade to lighten the glass (C)

If fuse in base doesn't work (figure 3):

- 1) Unscrew the screw (A), take off plastic cover (B)
- 2) Remove the damaged fuse and replace with good fuse (C)
- 3) Place the wire with the fuse into the base, then put the plastic cover onto the base
- 4) Screw the screw (A) into the hole in the plastic cover and tighten screw
- 5) Place the plug into the outlet, then turn on the switch to enjoy

Limited Warranty

To ensure your satisfaction, Stiffel lamps are covered by a limited warranty, for manufacturing defects only. A two-year limited warranty applies to the base and six-month limited warranty applies to the shade. The warranty commences from the date of purchase, and proof of purchase is required for claims. Failure to follow the Care Instructions and product-warning labels will void warranty.
