About this item

Product details	Specifications
The quick, crispy way to make family-size meals. The PowerXL™ Vortex Pro 6 QT Air Fryer with Vortex Rapid Air Technology circulates supercharged hot air 360° around your food for deliciously crispy, evenly cooked meals 91% faster†. Whether you’re air frying crispy snacks and appetizers, dehydrating fruit, baking desserts, or roasting chicken for large gatherings, the Vortex Pro Air Fryer has spacious capacity that fits up to 4-lbs. of French fries in a compact, space-saving, easy-to-store design. For an extra-crispy finish, the two-tiered fry basket’s upper level allows you to achieve perfect broiling results or cook a main dish and sides all at one time on the upper and lower levels for a complete meal. Just touch one of the 10 Quick-Touch Presets on the Digital LED Panel to cook what you want, when you want it, or program your own cook time and temperature in a snap. If you’re short on time, cook frozen foods without waiting for your food to thaw. After you’re finished, wipe the nonstick fry basket and fry tray clean or load them into the dishwasher. Durability guaranteed with our 1-year Limited Warranty.	Brand PowerXL

- COOK MORE IN LESS SPACE: Nonstick fry basket fits up to 4-lbs. of French fries and fits within a compact, space-saving design that stores easily.
- CRISPY-FRIED TASTE AND TEXTURE WITHOUT THE GUILT: Air fry with little to no oil and up to 80% fewer calories from fat vs. deep fat frying French fries.
- VORTEX RAPID AIR TECHNOLOGY: Superheated hot air circulates 360° around food to air fry 91% faster with up to 80% fewer calories from fat†.
- MEALS ON DEMAND: Choose from 10 Quick-Touch Presets to cook what you want, when you want: French fries, vegetables, bake, fish, eggs, chicken, broil, reheat, defrost, or dehydrate.
- HELPS CONSERVE ENERGY: Feel good using up to 47% less energy† in every cooking cycle.
- EASY CLEANUP: Nonstick fry basket and fry tray can be easily wiped clean or popped straight into the dishwasher.
- FOOLPROOF TASTY MEALS IN MINUTES: Up to 430° F max temperature delivers fast and even results at every meal.
- JUICY, EVEN COOKING: Shake reminder alerts you when it’s time to shake your food.
- EASY-GRIP HANDLE: Provides a comfortable, secure grip for added control.
- MORE POWER FOR YOU: 1500 Watts** for consistent performance and delicious results, meal after meal.
- STRESS-FREE MEALTIME: Auto shut-off shuts off automatically after cooking is over.
- GET CREATIVE: Includes a recipe book with easy step-by-step directions.

****Actual wattage will exceed 90% of power rating at 120v**

†Air frying vs. a conventional electric convection oven when cooking frozen French fries
