## ((5)) Motor Massaging **Full Body Mat** with Soothing Heat

Model  
**LT0011**

**OWNERS MANUAL and  
OPERATING INSTRUCTIONS**

Dear Customer:

Thank you for purchasing the **Relaxor** 5-motor massaging FULL BODY MAT with soothing heat.

This massaging product, like our other fine products, is engineered for quality, comfort and safety. It is ergonomically designed for maximum support and provides many customized settings, allowing you to create your own personalized massage.

In order to enhance your enjoyment and maximize the benefits of your new purchase, please take a few moments to read the following instructions.

# IMPORTANT SAFETY INSTRUCTIONS

Read all instructions before using the 5-Motor Massaging Seat Topper with Soothing Heat

## DANGER!

### To reduce risk of electric shock:

1. Always unplug the product from the electrical outlet immediately after using and before cleaning.
2. Do not reach for a product that has fallen into water. Unplug immediately.
3. Do not use while bathing or in a shower.

## WARNING!

### To reduce risk of burns, fire, electric shock, or injury to persons:

1. Your **Relaxor** product should never be left unattended when plugged in. Unplug from outlet when not in use, and before putting on or taking off parts.
2. Use this product only for its intended use as described in this manual. Do not use attachments not recommended by the manufacturer.
3. Never operate the **Relaxor** product if it has a damaged cord or plug, if it is not working properly, if it has been dropped or damaged, or dropped into water. Contact your dealer for instructions on returning it for examination and repair.
4. Close supervision is necessary when this product is used by, on, or near children or disabled persons.
5. Do not use outdoors.
6. Keep the cord away from heated surfaces.
7. Do not operate where aerosol (spray) products are being used or where oxygen is being administered.
8. Use heated surfaces carefully. May cause serious burns. Do not use heated surfaces over insensitive skin areas or in the presence of poor circulation.
9. If you are under a physician's care and/or have a condition requiring the use of any medical device, please consult your health care provider prior to using this product.

## MAINTENANCE AND CARE INSTRUCTIONS:

No user maintenance of this product is required. If the System does not function, check to be sure...

- (a) The TRANSFORMER is plugged into an electrical outlet.
- (b) The Transformer cord is plugged into, and fully engaged, in the receptacles.

If there is a malfunction of any kind, contact your dealer for instructions on returning it for examination and repair.

### How To Clean

You may clean the seat topper with a damp cloth and warm water.  
DO NOT SATURATE. Allow adequate time to dry.

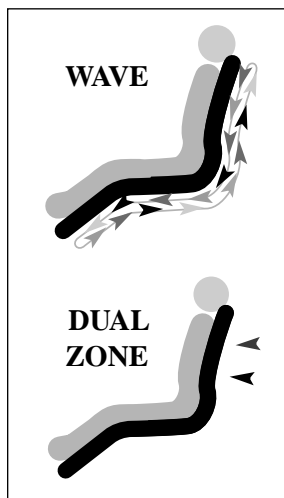

# SAVE THESE INSTRUCTIONS!

**OPERATE  
YOUR  
SYSTEM  
ACCORDING  
TO THIS  
MANUAL**

**USE ONLY  
THE POWER  
DEVICE  
SUPPLIED**

## OPERATING INSTRUCTIONS

1. Control Wand is permanently attached.
2. Leave the POWER switch on the CONTROL WAND in the OFF position. Put the RELAX-BOTH-HEAT switch in the RELAX position.
3. Plug the cord from the TRANSFORMER into the remaining receptacle coming from your product, and then plug the TRANSFORMER body into the electrical wall outlet. (120 volts-60Hz power.)
4. Sit on your Massaging Mat and familiarize yourself with the system operation by following the next instructions.
5. Place the WAVE-DUAL-ZONE switch in the ZONE position. Slide the INTENSITY switch to LO. Turn on the POWER switch. You can now manually position the massage action to any one of five body locations. Each time you press the SELECT button you will move the massage action one position up or down, as indicated by the green LED light on the CONTROL WAND. Choose the desired intensity by selecting either LO, MED, or HI.

6. Set WAVE-DUAL-ZONE switch to WAVE. Slowly slide the SPEED knob up and down to find the wave action you like best.

The green lights on the CONTROL WAND will flash in sequential order from top to bottom, then back up to top continuously repeating this cycle. The lights show the activation of the corresponding pulsing transducers and you will feel a gentle massaging action at the positions shown by the lights.

7. Move the WAVE-DUAL-ZONE switch to DUAL for massaging motors to alternate between zones 1 and 2.

8. Move the RELAX-BOTH-HEAT switch to HEAT, and after a short warmup time, enjoy comforting warmth in the lower back (lumbar) area. Now move the switch to BOTH and indulge in the ultimate combination of Relaxor® massage and heat.

9. Select any combination of the above described modes, intensities and heat.

You have now completed all of the operational choices provided on the CONTROL WAND.

The system will automatically shut-down after approximately 15-minutes of operation. To restart, simply move the POWER switch to OFF then back to ON.

Now close your eyes and enjoy your Relaxor® product.

Note- It is normal for the CONTROL WAND to become warm during use. If your Relaxor® System does not operate properly, or you need assistance for any reason, call:

ZONE 1: Upper Shoulders

ZONE 2: Mid back area

ZONE 3: Lumbar area

ZONE 4: Thighs

ZONE 5: Calves

(Note: The green LED light will show the zone that is active)

WAVE/DUAL/ZONE :

**WAVE** - For a wave-like sensation slide the WAVE-DUAL-ZONE button to WAVE (Adjust intensity and speed to your preference)

**DUAL** - Massaging motors alternate between zones 1 and 2. Slide the WAVE-DUAL-ZONE button to DUAL

**ZONE** - To isolate individual massaging zone, slide the WAVE-DUAL-ZONE button to ZONE (Adjust intensity and

RELAX/BOTH/HEAT :

**RELAX**: For massage without heat slide the RELAX-BOTH-HEAT button to RELAX

**BOTH**: For massage with heat slide the RELAX-BOTH-HEAT button to BOTH

**HEAT**: For heat without massage slide the RELAX-BOTH-HEAT button to HEAT

**SPEED** : Adjust from down to up to control the cycling speed of the massaging motors. Lighted LEDs will show what region of the body is active with massage.

**SELECT** : Press the SELECT button to manually position the massage action to any one of five body locations. The massage action moves one position up or down, as indicated by the green LED LIGHT

**INTENSITY** : Choose LO-MED-HI for desired intensity.

**POWER** :

- Turn on: Slide OFF/ON button to ON
- Turn off: Slide OFF/ON button to OFF

**15 MINUTE TIMER**: To reset after timer shuts off, slide the POWER button to OFF, then back to ON.
