

Timex: TX22402T Indiglo Nightlight with Clock

TIMEX Indiglo Nightlight with Clock. Model # TX22402T

Instructions

The electro-luminescent (EL) panel is powered by plugging this nightlight into the wall outlet. The clock movement is powered by a battery (included) which is located in the battery compartment. To begin the clock, follow these steps:

- Rotate the battery hatch cover counter-clockwise using a small coin or similar.
- Turn the LR44 (or equivalent) battery over, so that the print faces outward.
- Push the battery hatch cover on the battery and rotate it clockwise until it is secure.

Setting time:

- Turn the set button on the rear of the clock until the correct time is indicated.

CAUTION

Risk of electric shock. This product is not a toy. For adult use only.

WARNING

This is not a toy and is not intended for use by children. For safe use, plug into exposed wall outlets where nightlight is ventilated and cannot contact bed coverings or other material that may be a fire hazard. Do not use with extension cords.
