

Relaxor®

10 Motor Massaging Seat Topper with Soothing Heat and 12 Nature Sounds

Model
1075-2

**OWNERS MANUAL and
OPERATING INSTRUCTIONS**

Dear Customer:

Thank you for purchasing the **Relaxor** 10-motor massaging seat topper with soothing nature sounds and heat.

This massaging product, like our other fine products, is engineered for quality, comfort and safety. It is ergonomically designed for maximum support and provides many customized settings, allowing you to create your own personalized massage. You can now enjoy the full benefits of a relaxing massage and the soothing sounds of nature in one unique product.

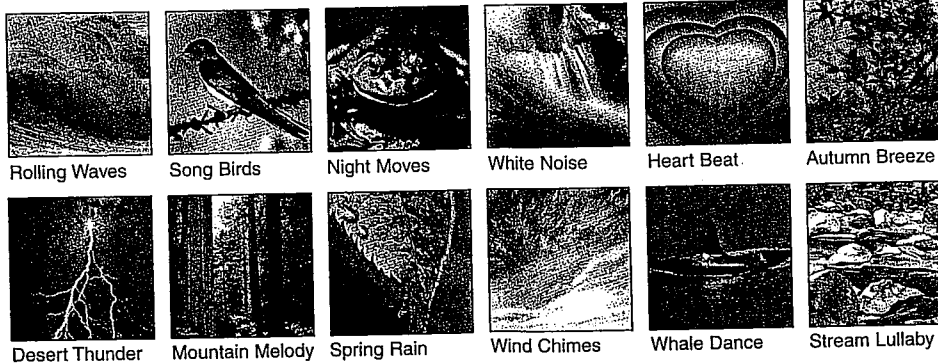

In order to enhance your enjoyment and maximize the benefits of your new purchase, please take a few moments to read the following instructions.

Enjoy these Relaxing Benefits!

- 10 massaging motors in 5 strategically placed zones:
 - Zone 1: (2) motors in the neck area
 - Zone 2: (2) motors in the shoulder and upper back area
 - Zone 3: (2) motors in the lower back/lumbar with soothing heat
 - Zone 4: (2) motors under the upper thighs
 - Zone 5: (2) motors under the lower thighs
- Membrane microprocessor controlled wand
- 15/30 minute shut-off timer
- Dozens of programmable features
- 4 different styles of massage:
 - Wave: "up and down" sensation (any or all areas)
 - Select: Motors focus on specific area
 - Swell: For a gradual rise and decline of massage intensity
 - Rhythm: Combination of tapping and continuous massage
 - Adjustable intensity to choose your massage strength
 - Variable speed massage cycle

Plus 12 Soothing Nature Sounds

- Listen to 12 relaxing nature sounds:

(Figure #2)

- CD and headphone jack inputs
- External speaker grills (ergonomically designed for your listening pleasure)
- Instantly converts for home, office or auto use
- Low voltage motors enhance safety
- AC and auto adaptors included

SWELL

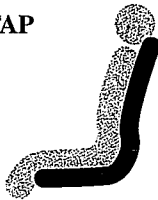

Massaging motors cycle up and down in intensity

- Press SWELL
- Select any or all zones (1-5)
(To deactivate zone, re-press Zone Key (1-5))
- To adjust the peak intensity of the SWELL feature, use the INTENSITY + / - buttons
- To adjust the cycle time of the SWELL feature, use the SPEED + / - buttons

TAP

Massaging motors will alternate in tapping and select continuous mode

- Press TAP
- Select any or all zones (1-5)
(To deactivate zone, re-press Zone Key (1-5))
- To change the duration of the TAP Mode, use the SPEED + / - buttons
- To adjust the intensity of the TAP, use the INTENSITY + / - buttons

INTENSITY:

- Controls strength of massage
- Press + / - keys for desired effect

SPEED:

- Controls cycle speed of massaging motors in WAVE, SWELL or RHYTHM
- SPEED button does not apply in SELECT (continuous) mode
- Press + / - keys for desired effect

RELAXOR® SOUND

Press the ON/OFF button to massage with or without sound.

Press the "SELECT" button to choose from 12 different sounds.
(See figure #2)

Press the "VOLUME" arrow buttons to the desired sound level.

Headphones can be used for private listening (not included).

CD Jack: Connect your portable CD player to the CD jack.

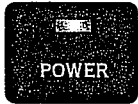

(CD and headphone jacks are located on the side of the seat cushion)

Relaxor®

IMPORTANT SAFETY INSTRUCTIONS

Read all instructions before using the **Relaxor** 10 Motor Massaging Seat Topper with Soothing Heat & Nature Sounds

DANGER!

To reduce risk of electric shock:

1. Always unplug the product from the electrical outlet immediately after using and before cleaning.
2. Do not reach for a product that has fallen into water. Unplug immediately.
3. Do not use while bathing or in a shower.

WARNING!

To reduce risk of burns, fire, electric shock, or injury to persons:

1. Your **Relaxor** product should never be left unattended when plugged in. Unplug from outlet when not in use, and before putting on or taking off parts.
2. Use this product only for its intended use as described in this manual. Do not use attachments not recommended by the manufacturer.
3. Never operate the **Relaxor** product if it has a damaged cord or plug, if it is not working properly, if it has been dropped or damaged, or dropped into water. Contact your dealer for instructions on returning it for examination and repair.
4. Close supervision is necessary when this appliance is used by, on, or near children or disabled persons.
5. Do not use outdoors.
6. Keep the cord away from heated surfaces.
7. Do not operate where aerosol (spray) products are being used or where oxygen is being administered.
8. Use heated surfaces carefully. May cause serious burns. Do not use heated surfaces over insensitive skin areas or in the presence of poor circulation.
9. If you are under a physician's care and/or have a condition requiring the use of any medical device, please consult your health care provider prior to using this product.
