BLACK+DECKER® 12-Cup Coffeemaker, Black, CM0915BKD**

Get your mornings started with the BLACK+DECKER® 12-Cup Coffeemaker. Featuring our exclusive Vortex Technology, optimal water flow evenly saturates coffee grounds for maximum flavor. Plus, with the Sneak-A-Cup™ feature, there's no need to wait for the whole pot—grab a cup of coffee before brewing ends and get started with your day. With the easy pour, non-drip carafe, you won't waste a drop thanks to the improved pouring. The “Keep Warm” carafe plate will keep the rest of the coffee in the pot hot until you're ready for a refill. The nonstick plate also resists stains and easily wipes clean. When you're done, the removable filter basket can be placed in the dishwasher for simple cleanup.

*vs. Black + Decker CM0910 based on coffee temperature in carafe after brew cycle
**Cup equals approximately 5 oz. (varies by brewing technique)
